MAY 26

Mr. Dan Shumway
Kiva Drive 5-2
Blanding, Utah 84511

Dear Dan:

Your Plan of Operations on the Lucky Chantz and Golden Chantz mining claims was received in our office on May 23, 1991. Your Plan has been found to contain the required information outlined in 43 CFR 3809 and an environmental assessment is currently being prepared by our staff. In accordance with 43 CFR 3809.1-6 (a), we have 30 days from receipt of your plan in which to analyze the proposal and notify you of one of the following:

1. That your plan is approved.
2. That changes in or additions to the plan are necessary to prevent unnecessary or undue degradation of federal lands.
3. That the plan is being reviewed but an additional amount of time, not exceed 60 days, is necessary to complete the review (explaining the special circumstances).

Copies of the information provided in this Plan will be forwarded to the Utah Division of Oil, Gas, and Mining (DOGM). As such, you will not be required to provide this information to DOGM, however, reclamation under this Plan is required within the specifications of the Utah Mined Land Reclamation Act. All mining claimants/operators that plan to use, store, or divert water are required under Utah statute to notify the Utah Department of Water Resources at 1636 West North Temple, Salt Lake City, Utah 84180-1203.

We appreciate the fine work that went into the preparation of your plan. The detail and clarity of the plan will make our job much easier.

If you have any questions, please contact Ted McDougall at (801) 587-2141. Thank you for submitting your notice.

Sincerely,

Robert L. Lunn

Acting

Area Manager
